FINAL ORDER

The Director of the Office of Enrollment and Discipline (“OED Director”) for the United States Patent and Trademark Office (“USPTO” or “Office”) and Weibo Zhang (“Respondent”) have submitted a Proposed Settlement Agreement (“Agreement”) to the Under Secretary of Commerce for Intellectual Property and Director of the United States Patent and Trademark Office (“USPTO Director”) for approval. The Agreement, which resolves all disciplinary action by the USPTO arising from the stipulated facts set forth below, is hereby approved. This Final Order sets forth the parties’ stipulated facts, legal conclusion, and sanctions.

Jurisdiction

1. At all times relevant, Respondent of Flushing, New York, has been an attorney engaged in practice before the USPTO in trademark matters and subject to the USPTO Rules of Professional Conduct, which are set forth at 37 C.F.R. §§ 11.101 through 11.901.
2. The USPTO Director has jurisdiction over this matter pursuant to 35 U.S.C. §§ 2(b)(2)(D) and 32, and 37 C.F.R. §§ 11.19, 11.20, and 11.26.

Joint Stipulated Facts

3. On March 13, 2019, Respondent was admitted to practice law in the State of New York.
4. Effective August 3, 2019, the USPTO amended its rules of practice to require that trademark applicants not domiciled within the United States be represented by an attorney who is licensed to practice law in a jurisdiction of the United States (also known as the “U.S. Counsel Rule”).
5. Respondent learned of the U.S. Counsel Rule at the time it was adopted in August 2019.
6. In 2020, a number of trademark agents (“Agents”) hired Respondent to serve as the U.S.-licensed attorney of record on applications that the Agents prepared on behalf of

foreign-domiciled trademark applicants with the intention of filing those applications with the Office.

7. Respondent represents that the Agents included Lin Zhang, Xing Don, Jing Liu, Jiaqi Wang, Linzhi Xiang, Ju Xiao Yan, Si Li, Xinguang Zhang, Lang Wan, Xinyi International IP, Shenzhen Yaotianxia IP, Shenzhen Ruilixin IP, Shenzhen Sellergrowth Network, Beijing Haoke International Intellectual Agent, Shenzhen Kuazintong Consulting Service, Mingri Intellectual Property Shenzhen Co., and Shenzhen Kuashiji Intellectual Property Co.

8. The Agents were not licensed to practice law in the United States.

9. At all relevant times, the foreign-domiciled trademark applicants were Respondent's clients.

10. The Agents paid Respondent between \$40 and \$60 per application for representing the foreign-domiciled trademark applicants before the USPTO.

11. Generally, the Agents prepared the applications using the Trademark Electronic Application System ("TEAS"), the USPTO's trademark filing and prosecution system.

12. After preparing the applications on TEAS, the Agents generally sent the applications to Respondent electronically to review, sign, and file.

13. A large portion of the applications reviewed, signed, and filed by Respondent were based on use in commerce under 15 U.S.C. § 1051(a).

14. Pursuant to 37 C.F.R. § 11.18, Respondent was required to review sufficiently his clients' applications in order to certify that he believed all statements made therein to be true.

15. Respondent was named attorney of record for approximately 8,500 applications filed in 2020 and 9,800 applications filed in 2021. Respondent reviewed, signed, and filed over 3,000 applications in December 2020, including over 350 applications in a single day: December 31, 2020.

16. Due to the volume of applications he filed, Respondent did not always conduct a sufficiently thorough review of trademark applications prior to filing, including, for example, not performing an inquiry reasonable under the circumstances to determine whether the specimens showed the marks as used in commerce or failing to review specimens to determine that they were authentic (e.g., not mockups or digitally altered). At all relevant times, Respondent understood that the USPTO would rely on documents that he signed and filed when the USPTO examined applications and issued registrations.

17. Additionally, Respondent acknowledged that he allowed an Agent to sign his name to 49 trademark applications and appurtenant declarations and to file those applications with the USPTO without his reviewing the applications prior to filing. The applications were filed with the USPTO on a single day.

18. Respondent acknowledged that he knew that the 49 applications were impermissibly signed at the time they were filed, but he did not inform the trademark applicants of the impermissible signing until over a year later.

19. Respondent did not inform anyone at the USPTO of the impermissible signing of the 49 applications until asked about the applications by OED during the course of its investigation of Respondent.

20. Regarding Office Actions issued in trademark applications where Respondent was the attorney of record, Respondent established a system whereby the relevant Agent received Office Actions via email directly from the USPTO. Respondent then relied on the Agents to communicate with applicants about the Office Actions. Respondent did not take sufficient steps to confirm that the Agents received the emails or that the Agents informed the applicants about the Office Actions. Respondent did not take action on behalf of applicants with respect to Office Actions unless he received a draft response from an Agent. Respondent interpreted silence from an Agent with respect to an Office Action as the applicant's intention not to respond.

Additional Considerations

21. Respondent has never been the subject of professional discipline by the USPTO, and Respondent represents that he has never been the subject of any discipline by any court or any state bar.

22. Respondent cooperated with OED's investigation.

23. Respondent represents that he is willing to take any corrective action in the future to fully comply with the professional responsibilities set forth in the USPTO Rules of Professional Conduct.

24. Respondent represents that he is willing to cooperate fully with the USPTO in any present or future USPTO inquiry made into improper filings of trademark documents filed with the USPTO by trademark entities with whom Respondent works or has worked.

Legal Conclusions

25. Respondent acknowledges that, based on the information contained in the joint stipulated facts above, he violated the following provisions of the USPTO Rules of Professional Conduct:

- a. failing to provide competent representation to clients by, *inter alia*:
 - (i) accepting a volume of clients so large that he could not always conduct a sufficient review of his clients' trademark filings prior to filing with the USPTO; (ii) not reviewing applications that Agents signed and filed wherein Respondent served as attorney of record; and (iii) failing to put proper procedures in place to ensure compliance with USPTO regulations, in violation of 37 C.F.R. § 11.101;

- c. failing to reasonably consult with the client about the means by which the client's objectives are to be accomplished by, *inter alia*, failing to ensure that applicant decisions regarding important USPTO-issued correspondence were communicated to Respondent by Agents, in violation of 37 C.F.R. § 11.104(a)(2);
- d. failing to keep clients reasonably informed about the status of a matter by, *inter alia*, failing to ensure through adequate communication that applicants received important USPTO-issued correspondence, in violation of 37 C.F.R. § 11.104(a)(3);
- e. failing to explain matters to the extent reasonably necessary to permit clients to make informed decisions regarding the representation by, *inter alia*, not timely informing clients that Respondent knowingly allowed applications to be signed in violation of USPTO signature rules and not timely informing clients of the potential adverse consequences to their respective intellectual property rights due to the impermissible signings, in violation of 37 C.F.R. § 11.104(b);
- f. knowingly making a false statement of fact to a tribunal or failing to correct in a timely manner a false statement of material fact made to the tribunal by the practitioner by, *inter alia*: (i) allowing another person to enter Respondent's signature on and file 49 trademark applications and failing to inform the USPTO of such impermissible signatures on the filings; (ii) submitting declarations to the USPTO in trademark applications without conducting a reasonable inquiry into the veracity of the averments made appurtenant thereto, wherein said declarations are relied upon by trademark examining attorneys in the course of evaluating trademark applications; and (iii) failing to inform the USPTO in a timely manner upon learning of the falsity of such declarations, in violation of 37 C.F.R. 11.303(a)(1);
- g. failing to make reasonable efforts to ensure that Respondent's office has in effect measures giving reasonable assurance that the conduct of non-practitioner assistants is compatible with the professional obligations of

the practitioner by, *inter alia*: (i) allowing non-practitioners to prepare and file trademark documents with the USPTO on behalf of Respondent's clients without properly reviewing and vetting such documents; (ii) failing to ensure adequate communication of USPTO-issued correspondence with clients and that client decisions regarding said documents were communicated to Respondent; and (iii) authorizing non-practitioners to enter Respondent's signature on 49 trademark applications (including declarations) filed with the USPTO, in violation of 37 C.F.R. § 11.503(a);

- h. assisting in the unauthorized practice of law by, *inter alia*: (i) allowing non-practitioners to prepare and file with the USPTO trademark filings for Respondent's clients that he had not reviewed prior to filing; and (ii) authorizing non-practitioners to prepare, enter his signature on, and file 49 trademark applications (including declarations) with the USPTO, in violation of 37 C.F.R. § 11.505;
- i. engaging in conduct involving dishonesty by, *inter alia*: (i) signing declarations representing that specimens showed marks as used in commerce when Respondent had not performed an inquiry reasonable under the circumstances to determine whether the specimens showed the marks as used in commerce, and (ii) authorizing non-practitioners to enter Respondent's signature on 49 trademark applications (including declarations) filed with the USPTO and failing to inform the USPTO of such improper filings, in violation of 37 C.F.R. § 11.804(c); and
- j. engaging in conduct that is prejudicial to the administration of justice by, *inter alia*: (i) failing to review specimens to determine that they were authentic (e.g., not mockups or digitally altered); (ii) failing to comply with 37 C.F.R. § 11.18 by not conducting a reasonable inquiry under the circumstances prior to presenting trademark documents to the USPTO on behalf of Respondent's clients with the knowledge that the USPTO would rely on such documents in examining the applications and issuing registrations; and (iii) authorizing non-practitioners to enter Respondent's signature on 49 trademark applications (including declarations) filed with the USPTO, in violation of 37 C.F.R. § 11.804(d).

Notice of Suspension and Probation

This notice concerns Weibo Zhang of Flushing, New York, an attorney licensed in the state of New York. The United States Patent and Trademark Office ("USPTO") has suspended Mr. Zhang from practice before the USPTO for ninety (90) days. Mr. Zhang will also serve a probationary period.

In 2020, Respondent began serving as attorney of record for a large volume of foreign-domiciled trademark applicants pursuant to the agency's U.S. Counsel Rule (*see* Requirement of U.S. Licensed Attorney for Foreign Trademark Applicants and Registrants, 84 Fed. Reg. 31498 (July 2, 2019)). Respondent served as attorney of record on thousands of trademark applications. Respondent received already-prepared trademark applications from foreign-domiciled companies and firms and did not conduct an adequate review of such applications before signing them and authorizing their filing with the USPTO. He signed declarations under 18 U.S.C. § 1001 attesting that his clients' specimens showed the marks as used in commerce without conducting an inquiry reasonable under the circumstances. He also authorized non-practitioners to sign his name on 49 trademark applications without conducting any review of the applications himself. Finally, he failed to communicate with applicant clients about Office Actions issued by the USPTO with respect to their applications.

As a result of the above misconduct, Mr. Zhang violated the following provisions of the USPTO Rules of Professional Conduct: 37 C.F.R. §§ 11.101 (practitioner shall provide competent representation to a client), 11.103 (practitioner shall act with reasonable diligence and promptness in representing a client), 11.104(a)(2) (practitioner shall reasonably consult

with the client about the means by which the client's objectives are to be accomplished), 11.104(a)(3) (practitioner shall keep clients reasonably informed about the status of a matter), 11.104(b) (practitioner shall explain matters to the extent reasonably necessary to permit clients to make informed decisions regarding the representation), 11.303(a)(1) (practitioner shall not knowingly make a false statement of fact to a tribunal or fail to correct a false statement of material fact made to the tribunal by the practitioner), 11.503(a) (practitioner shall take reasonable efforts to ensure that non-practitioners' conduct is compatible with the professional obligations of the practitioner), 11.505 (practitioner shall not assist another in practicing law in a jurisdiction in violation of the regulation of the legal profession in that jurisdiction), 11.804(c) (practitioner shall not engage in conduct involving dishonesty), and 11.804(d) (practitioner shall not engage in conduct that is prejudicial to the administration of justice).

Mr. Zhang cooperated with the OED investigation and has agreed to cooperate with the USPTO's efforts to combat improper filings of trademark documents.

This action is the result of a settlement agreement between Mr. Zhang and the OED Director pursuant to the provisions of 35 U.S.C. §§ 2(b)(2)(D) and 32 and 37 C.F.R. §§ 11.19, 11.20, and 11.26. Disciplinary decisions involving practitioners are posted for public reading at the OED Reading Room, available at: <http://foiadocuments.uspto.gov>;

- cc. Respondent, by his agreement, has waived all rights to seek reconsideration of the Final Order under 37 C.F.R. § 11.56, waived the right to have the Final Order reviewed under 37 C.F.R. § 11.57, and waived the right otherwise to appeal or challenge the Final Order in any manner;
- dd. Within a reasonable period after the entry of a Final Order, the OED Director shall file a motion dismissing the pending disciplinary action without prejudice; and
- ee. The OED Director and Respondent shall each bear their own costs incurred to date in carrying out the terms of the Agreement and the Final Order.
